

The CAP Movie

With deep appreciation, we'd like to thank Bill and Jessica Kizorek from Two Parrot Productions (www.twoparrot.com) for their generosity in donating this film to the Cuba AIDS Project. In February of 2009, we spent a week together in Cuba, and while we were there, they were generous enough to take the little free time they had to put this together for us. Hopefully, it will give you an insight to the people and places that make up the Cuba AIDS Project.
